ITALY AND RUSSIA PRESS ON AUSTRIA

French and British Making Headway
Against Teutons on the
Western Front

(Associated Press)
London, Aug. 11.—The Russian advance has carried the czar's troops to within eight miles of the important town of Halicz, on the southeastern side, and a detachment is also pushing forward east of Halicz, spreading out in fanlike formation.
The Italians are pressing the Austrians to the east and southeast along a twelve mile front with the principal thrust extending towards Trieste.

RUSSIANS AND BRITISH ADVANCE

London, Aug. 11.—The Russian and British war offices report advances on their fronts and the French say they have opened a heavy bombardment on German positions north of the Somme.

TOOK ANOTHER TOWN

The Russians have taken another town northwest of Stanislaw and report their troops advancing on the Sereth river. The British announce a forward movement northwest of Pozieres.

TEUTON AIRMEN MADE ALLIES MUCH TROUBLE

The German admiralty announces successful air attacks on British vessels off the Flemish coast and against Russian aviation stations on the island of Oesel off the Gulf of Riga.

ALLIES ADVANCE FROM SALONIKI

A Havas dispatch reports reports an Anglo-French attack on the Bulgarians forty miles northwest of Saloniki. The Allies occupied the Doiran railway station and a neighboring hill.

AUSTRIANS CHECK ITALIANS

On the Isonzo front the Italians have thrown additional forces across the river and continue to fight their way east of Gorizia. They have taken strong Austrian entrenchments south of Gorizia and have occupied the town of Boscini. A large number of prisoners are reported to have been taken. Vienna admits the loss of Gorizia and announces its evacuation was followed by the repulse of new Italian attacks on the Rovereto plateau, and say forty-one hundred Italian prisoners were captured in this region.

SHAW FELTS

Mr. Shaw Felts, of Crystal River, died at the home of his father, Mr. W. S. Felts, in North Ocala early this morning. Mr. Felts contracted fever in Crystal River about three weeks ago, and was brought to Ocala to the home of his father. The deceased is a brother of Mr. John Felts, formerly on the police force of the city. Mrs. Shaw Felts, who was Miss May Curry, daughter of Mr. C. C. Curry, survives her husband. They had been married but a short time. The funeral will take place at the home this afternoon, and interment will be made in Evergreen cemetery. McIver & MacKay have charge of the arrangements.

PERSONNEL OF DEMOCRATIC CAMPAIGN COMMITTEE

(Associated Press)
New York, Aug. 11.—Vance McCormick, chairman of the Democratic National Committee, announces the personnel of the democratic campaign committee and the associate campaign committee of progressives, which will direct the fight for President Wilson's re-election.
The democratic campaign committee has a membership of twenty, the progressive committee seven. The officers of the committees are: Vance McCormick, chairman; Homer S. Cummings, vice chairman; Wilbur M. Marsh, treasurer; and Carter Glass, secretary. Henry Morgenthau is chairman of the finance committee. The progressive associate committee is composed of Bainbridge Colby and others.

WILL CALL ON WILSON

Evident that the Executive is the Only Agent that Can Reconcile Railroads and Employers

(Associated Press)
New York, Aug. 11.—After deliberating the greater part of the night, the federal mediation board was no nearer a solution of the deadlock in the dispute between the four railroad brotherhoods and the employers. The efforts of the mediators are virtually at a halt, due, it is said, to the fact that the railroads refuse to grant any concession other than arbitration, and the men persist in their demands. It is reported that unless there is an unexpected change within twenty-four hours the board will suggest to President Wilson that he intervene.

FRAZIER SAYS STRIKERS ARE FEW

B. T. Frazier, representing the railroad men of five southern states against the threatened strike, tried to make an appointment with the president, but was told the matter was entirely in the hands of the mediators. Frazier maintains that the brotherhoods threatening a strike represent but 20 per cent of the men employed.

SENSATIONAL SUICIDE

New York Man Jumped from Top of Next to the Highest Building in the World

(Associated Press)
New York, Aug. 11.—Albert Goldman, sixty years old, leaped from the fortieth floor, in the tower of the Singer building, nearly six hundred feet high, yesterday. His body was mutilated beyond recognition. The Singer building is six hundred and twelve feet high, and excepting the Woolworth building is the tallest in the world.

KNOTT GAINED A FEW VOTES IN BRADFORD

According to information received here, recount of the vote for gubernatorial candidates in seven precincts of Bradford county, at Starke on Thursday, showed a net gain of five votes for W. V. Knott, who sought the recount.
Full details were not secured, but it was said that four of the net gain of five for Knott were from second choice votes. Catts gained two votes by recount of the vote of the Starke precinct. Errors in canvassing were found in all but two of the seven precincts recounted. Hampton and Lawley are the exceptions.—Gainesville Sun.

MEETING OF STATE EXECUTIVE COMMITTEE

(Tampa Tribune)
Chairman George P. Raney yesterday sent out notices for the democratic state executive committee to meet in Jacksonville, on Thursday, August 24, at 10:30 o'clock. The meeting is scheduled for the Seminole hotel.
This will be the organization meeting of the new committee. Chairman Raney desired to hold it earlier, but was delayed owing to the difficulty he had in obtaining the names of the newly-elected members of the committee.

Probably the most important matter to come before the meeting will be the untangling of the complications caused by three of the candidates for presidential electors failing to qualify with the provisions of the Bryan primary law. Chairman Raney says that this is a matter that can be easily remedied. He wrote the following statement yesterday:
"Three democratic candidates for presidential electors were nominated in the recent primary. Florida is entitled to six votes in the electoral college. The state democratic executive committee can select three additional candidates and get up a petition signed by 500 qualified voters and thereby insure the placing of six democratic candidates for presidential electors on the official ballot in the general election of November next. There is no danger whatever of Florida not having full representation."

WEALTH DESTROYED BY HIGH WATER

Four and a Half Millions Worth of Property Swept Away in the Carolina Floods

(Associated Press)
Charleston, Aug. 11.—The weather bureau reports the damage along the Santee and Pee Dee rivers at four and a half millions, of which two millions are in South Carolina. This includes all damage on which reports have been received.

ANGLE IS MORE ACUTE

Otherwise Plans for Union Station Have Not Been Materially Altered

The blue prints for the union station on the new site, the Masters property on the south side of the Seaboard tracks, have arrived, and the work of moving the station will probably begin next week. There are no material changes to be made in the station. The angle between the Seaboard and Coast Line tracks, is more acute on the south side of the tracks, and this will, of course, necessitate the placing of the winds of the station at a more acute angle.

EPIDEMIC FALLING OFF

Cooler Weather Brings a Slight Check to the Plague in the Big City

(Associated Press)
New York, Aug. 11.—The infantile paralysis epidemic showed a slight decline today, and health experts are hopeful that the cool weather which brought relief to the city yesterday, will check the plague. Thirty-one deaths occurred the past twenty-four hours, with 165 new cases.

SUPREME COURT SUSTAINED JUDGE BULLOCK

The supreme court of the state has sustained the recent decision of Judge Bullock in overruling the demurrer of the defendant in the case against Mr. H. B. Clarkson, formerly general manager of the Marion Hardware company. The effect of the decision is to require Mr. Clarkson to stand trial in the circuit court. Mr. Clarkson is charged with misusing the funds of the hardware company.

TO MAKE A TOUR

President Will Deliver Speeches Across the Continent Before Election

(Associated Press)
Washington, August 11.—President Wilson will probably make a speaking trip across the continent before the November election. No details of the tour have been arranged, but it is understood an itinerary will be worked out within the next few days.

WIRELESS MEN WORRIED

At Signals from the Atlantic Belonging to a Craft Interned in New Orleans

(Associated Press)
New York, Aug. 11.—Wireless observers were puzzled early today when signals were received from an unidentified craft off Sandy Hook calling the Telefunken wireless station. The vessel gave the signal of a boat interned at New Orleans. Many believed the stranger might be the Bremen.

AMATEUR EFFORTS

The wireless calls were later found to be the work of an amateur.

MONEY DEMANDED FROM MUNITION MEN

(Associated Press)
Washington, Aug. 11.—Ten per cent of the net profits as a tax on manufacturers of war munitions determined upon by the democratic members of the Senate finance committee as a substitute for the munitions taxes proposed by the House revenue bill.

SHIPPING BILL TO BE VOTED ON SOON

(Associated Press)
Washington, Aug. 11.—Republican senators indicated they would permit a vote on the shipping bill tomorrow or Monday.

JOHN SKIPPED TO GEORGIA

Alabama Authorities are After One the State's Faithless Officials

(Associated Press)
Columbus, Ga., Aug. 11.—John Oaks, city marshal of Girard, Ala., who was arrested and jailed here on an indictment returned in Russell county, Ala., charging acceptance of bribes in connection with the recent liquor disturbances, is understood to be making preparations to fight extradition.

FREE JAG FOR THE FISH

Blind Tiger Booze Poured Into the Chattahoochee River by the Barrel

(Associated Press)
Girard, Ala., Aug. 11.—The destruction of liquor seized in the recent raids continued today. The novelty of watching bottles of beer smashed against the warehouse and whisky poured into gutters leading to the river wore off and the procedure became monotonous. It is estimated that it will take several days to destroy that included in the court order yesterday.

The liquor destroyed was 108 barrels of bottled beer and forty-six barrels of whisky, belonging to six residents who recently left the state to escape prosecution.
A great crowd, including thousands of persons from Columbus, Ga., across the river from here, watched the procedure, some even taking a hand in the destruction. A bystander set fire to a quantity of whisky, which trickled down the gutters of the street and the fire department was called out when it seemed for a time that the blue flames would reach the warehouse in which liquor had been stored.

IRISH POTATOES ADVANCING

Mr. Harve Clark, proprietor of the O. K. Teapot Grocery, informs us that the price on Irish potatoes is keeping right along with that of flour and sugar, and that there has been an advance of \$1 per barrel since he wrote the advertisement which appears in today's paper offering a peck for 31 cents with a 50-cent purchase of other groceries. Not only does this price offer an attraction to buyers, but you will find many others on which you can save a handsome sum on a week or ten days' supply by buying from the list as appears in the advertisement.

THIRTY-FIVE DEAD IN WEST VIRGINIA FLOOD

(Associated Press)
Charleston, W. Va., Aug. 11.—Another battalion of guardsmen has been sent into the flood district. It seems now that the flood covered a wider territory than at first believed, but no additional loss of life is reported. Thirty-five bodies have been recovered by rescuers.

Mr. E. C. McLeod, of Kendrick, was a visitor in the city today, and says that worms are destroying the cotton in his section of the county. Mr. McLeod thinks that something should be done immediately to put an end to the ravages of the worms.

RELIEF REFUSED

Supplies May Not Be Sent from the United States to the Starving Syrians

(Associated Press)
Washington, Aug. 11.—Turkey has refused to grant the request of the United States that a neutral committee be permitted to undertake relief measures in Syria, where thousands of native Christians are reported to be starving. Turkey said relief was unnecessary.

SOLD FIVE MAXWELLS IN FIVE DAYS

Ocala Agency Has Plenty of Cars in Stock and is Prepared to Fill Orders Now

The Ocala Maxwell agency, R. R. Carroll proprietor, sold five new Maxwell cars the first five days of this week, a car a day, and delivered them all.

Mr. Carroll sold a car to Mr. E. B. Duncan of Ocala, Mr. Peyton, one of his salesmen, sold a car to Dr. W. B. Livingston of Kendrick, another to Mr. W. O. McGowan of Lacota and one to Mr. Nathan Mayo of Summerfield, and Mr. Carroll one to Jessie McDuffy, the well known colored chauffeur in Ocala, who has been for many years in the hack and later in the automobile for hire business.

The Maxwell is the car that will lead the sales in Florida this year. The factory in Detroit, which was doubled in size and capacity a few months ago, is now turning out 500 cars per day and the live Florida dealers are going to handle their full share of them.

With the substantial cut in price, announced at the first of July, and the more important feature of the continued delivery of wide or sixty-inch treads, the Maxwell will make a "clean-up" in Florida. This car had been going before, with its many selling points of low gasoline and oil consumption, its great tire mileage and remarkably low general upkeep, with every modern convenience, but with the new price and the wide treads, in face of many other cars shipping narrow or 56-inch treads to the deep sandy roads of Florida, people are just naturally turning to the Maxwell.

Another feature that is helping the Maxwell is the fact that the models will remain unchanged. All parts for the repair of the car are carried in Ocala by the agency, so that a customer, in case of an accident, does not have to wait a long time, while his car is out of use, on the ordering of parts from uncertain sources. These parts, by the way, are the lowest priced made for any car of the size, weight and cost, and the factory and dealer's replacement policy is the most liberal of them all.

The Maxwell agency has one car in the display room, six on the railroad siding in Ocala and six more that have just left the factory, so that deliveries can be made RIGHT NOW.

THE BEST LAXATIVE

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—Adv.

APPROPRIATION HAS GIVEN OUT

The Farmers of Florida Must Care for the Health of their Pigs Themselves

The state board of health has notified R. W. Blacklock, county demonstration agent, that the appropriation for the free distribution of hog cholera serum has given out, and that it will be impossible to furnish the serum as in the past.
"This means," Mr. Blacklock said this morning, "that the farmers must use the greater care in watching the health of their pigs. Preventive measures well carried out will help materially to control the spread of the disease."

Mr. Blacklock made the following statement about the matter:

"The serum can be purchased at a cost of 14c a cubic centimeter which makes the cost of treating a 100-pound hog about 25c. Of course, when the cholera does appear it is cheaper to buy the serum as it is always possible to save more than enough hogs to pay for the serum used, if the case is taken in time. But the proper precautions will many times prevent the disease from showing up at all.
"Sanitation is the best preventive for hog cholera. Hogs kept free from lice and worms, in good clean quarters, and given plenty of fresh water, seldom have the cholera unless the disease is brought to them through carelessness. Drain or fence off the old mud wallow, cover the ground where it was with plenty of quicklime, then give the hogs a wooden or cement wallow and keep the surface of the water covered with crude oil. Disinfect all the feeding troughs by cleaning them as well as possible and then put them in good strong sunlight for a day or so. Give the hogs good clean water, a barrel with one of the automatic drinking cups attached does exceptionally well.

"So much for preventive measures. Now when cholera does appear in a community, a sort of quarantine is the only thing. If you have cholera on your farm tell your neighbors, then keep away from their hogs and tell them to keep away from yours. Stop all unnecessary passing between your farm and others. If necessary to go from one farm to another disinfect your shoes by using any good dipping solution or by rubbing the soles well in caustic lime.
"These measures if well carried out will help materially to control the spreading of the disease from one farm to another. To keep the cholera from killing at least 80 per cent of the hogs where the cholera appears, it will be necessary to inoculate the entire herd with serum and do it at once."

BUILDING DELAYED FOR WANT OF BRICK

The heavy concrete foundations for the new light and water plant have been completed, and work is now being held up pending the arrival of brick. R. W. Wakeland, the engineer who has been in charge of the construction for Benjamin Thompson, the contractor, expects to leave tonight for his home in Indianapolis. Mr. Wakeland's place will be taken by Mr. W. W. Barton.

Car is as good as new. You'll have to be quick to get it. R. R. Carroll.

Arguments in the contest of the sheriff's race in the recent primary of J. P. Galloway and Frank Adams are being made this afternoon before Judge Bullock in chambers. Sheriff Galloway is represented by L. W. Duval and H. M. Hampton, and Mr. Adams by R. A. Burford, L. N. Green and W. K. Zewadski. Errors in the count in several precincts are alleged by Sheriff Galloway, who is contesting the results of the primary, which was declared favorable to Mr. Adams.
